enabling forensic-grade surveillance™

ApplianceStor15

Mini-Tower Windows NVR

Datasheet

The AS15MT is optimized for small video surveillance applications and delivers the performance required for even the most demanding megapixel installations. Its small form factor makes it ideally suited for small under-counter or countertop applications.

Powerful server and storage system, built around the efficient Intel i3 processor.

Purpose-built open platform with MS Windows to integrate Video Management Software (VMS). All major VMS providers are pre-qualified (e.g., Milestone, Genetec, Digifort, Qognify, ISS, and more). Most are continually added to ensure the widest possible certification coverage.

Effortless installation, management and administration.

Rasilient provides a **complete physical security solution**. All necessary components are offered, including high-performance recording, viewing/monitoring and administration servers, and high-performance storage.

Features

- Nvidia T400 GPU

- Intel i3 CPU
